## WATER AT ASHBYBURG

Continues To Cause Trouble.  
Smallpox Breaks Out. 600  
Refugees Quarantined

TION BY GOVERNOR LOOKED FOR

Ashbyburg, Ky., Jan. 22.—A case of smallpox was discovered today among the 600 flood refugees quartered in tents and any and all sorts of buildings on the mound here. Many who took alarm at the appearance of the disease fled to Calhoun in boats but were not allowed to land and were directed to return here. Lieutenant Carl Norman of the adjutant general's office arrived here this afternoon to take charge of the situation. It is thought likely that the entire camp of 600 people will be put under quarantine.

Dr. H. W. Gates, health officer of McLean county, investigated conditions at the mound today and isolated the man who was broken out with smallpox. The health officer of Hopkins county is now on his way here from Madisonville and will take charge of the quarantine regulations as Ashbyburg is in Hopkins county.

Provisions furnished by the county were sent here today from Madisonville by boat. There is enough food for the people, but there is no provender for some 1,500 head of stock and the horses, mules and cattle will likely die of starvation because for miles around there is neither hay nor corn left unscathed by the flood.

If more cases of smallpox develop the state will have to make a temporary hospital on the mound, furnish it complete and also provide food for all those under quarantine. Action by Governor McCreary is looked for tomorrow.

### Americans Telephone It

German statistics show there are 12,000,000 telephones in the world, of which United States has 8,400,000, Germany 1,000,000, and Great Britain 650,000. Installation of whole telephonic system of world has cost \$1,750,000,000. Number of telephone conversations during past year was over 22,000,000,000, of which 12,500,000,000 were in United States. Length of wire used in world's telephone system is 76,000,000 miles.

### 'MOVIES' BRING SOBRIETY

Council Proctor Declares Film Shows Are  
Taking The Place Of Carousals  
By Students

New York.—Moving pictures are helping to keep Cornell students sober, according to the report of Theodore Twiston, a proctor at the university. Evenings now are spent at the 'movies,' he says, which formerly were taken up more generally by carousals. Mr. Twiston also reported that undergraduates no longer are allowing a false college spirit to overcome their good sense, and realize that an intoxicated student is a disgrace to the university.

### Will Return To His Old Home.

George W. Bates, Assistant Cashier of the Peoples Bank will leave tomorrow for his old home, Lebanon Tennessee to make it his future home. Mr. Bates has been with us three years and has endeared himself to all that have had the pleasure of meeting him and we regret to lose him. He will continue the practice of law in his home town. We have nothing but the highest praise for him and say to his old friends that he returns to, that he has made a model citizen and if they have any more like him there they can afford to snare to send them to Earlington we will receive them with open arms. May success attend his slightest efforts is the wish of his Earlington friends.

### NOTICE

Notice is hereby given that the Dawson Springs Sanatorium and Health Resort, Incorporated, will be dissolved by consent of the Stockholders on the day of February 1913. Said Corporation is now closing up its business.

Dr. G. Frank Russell, Superintendent of the above named institution will conduct a private Sanatorium known as the Russell Sanatorium in the plant now operated by this concern. This January 20th, 1913.

G. L. RUSSELL, Pres.  
J. L. RUSSELL, Sec'y.

### Warren Atkinson Dead

Warren Atkinson brother of Geo. C. Atkinson and the late John B. Atkinson died at his winter home at Brandtown Florida of heart trouble. He had been in the south for several months with his family he was 50 years old and leaves a wife and six children four daughters and two boys Mr. Atkinson has been in this city several times and has many warm friends who regret to learn of his death. Mr. George Atkinson and wife left for that place last week and were with him and his family in his last hours. P. M. Moore F. D. Bash and Mrs. N. G. Alford left last night for Florida. They will take his remains to his old home at Mulliea Hill New Jersey for burial. He was the youngest brother of the Atkinson family.

### Watering The Deserts

What became of "The Great American Desert?" will never be known until the facts of irrigation get into the mind of the inquirer. But the one fact that the length of the ditches carrying water to the thirsty lands in the arid regions of the United States is enough to reach five times around the earth on the lines of the equator will be enough to prove the mastery which man has slowly acquired over the land where it seldom rains. The area under irrigation in 1910 was 19,334,000 acres, while the area included in all projects completed or in process of development was 31,111,000 acres. The cost of watering the desert was \$307,866,369, or about one-third more than the value of minerals taken from Alaska in the past 32 years. There's a pying gold in the desert waters if not in the salt seas.—Wall Street Journal.

### RESPONSIBLE FOR THE REVOLUTION

Missionaries Stir Foreigners To Action  
By Their Doctrines

Chicago, January 22.—Dr. Arthur J. Brown, Secretary of the Presbyterian Board of Foreign Missions, speaking before the weekly meeting of Presbyterian ministers, declared foreign missionaries were responsible for the revolution in China, which led to the founding of a republic. Dr. Brown said Dr. Sun Yat Sen had confessed to him that he figured in bringing about the revolution because he had the benefit of missionary training from his youth.

"The real truth is," said Dr. Brown, "that the revolution was caused by the missionaries spreading the doctrines the rights of men. The whole human race is in an era of upheaval. A new spirit is abroad in the world. That is what is now appearing in China. They have been slow because they have been isolated. The leaders of the revolution were all Christians, and had learned from missionaries or had studied in Christian lands."

### 25,000 Regular Troops To Guard Panama Canal

Col. Goethals' estimate that 25,000 regular troops will be necessary to guard the Panama Canal property is unattractive in many particulars says the Nashville Banner, but it has its attractive side, too. No doubt he is correct in his estimate that that number of men will be needed, but, leaving the question of necessity aside, the agreeable fact remains that there will be 25,000 men always on hand in a most strategic position. If trouble came with Mexico—as it is almost certain to come sooner or later—or with any of the Central American countries—which is always probable—the usefulness of the 25,000 men at Panama would greatly exceed the mere guarding of the canal. The United States has never yet had 25,000 men constantly mobilized in time of peace.

### McLEOD STORE SENDS AID

To High Water Bound Sufferers At Ashbyburg

The management and clerks of the McLeod Store of Madisonville sent a wagon load of feed stuff to the flood sufferers at Ashbyburg, Tuesday. For several days a number of Ashbyburg people have been refugeeing on a hill on account of the exceedingly high water in the Green River. On account of not being able to get to their homes for food and supplies much inconvenience and suffering was being experienced. When this fact became known the enterprising management of the McLeod store and their clerks made up a wagon load of groceries and other necessities and generously sent it to the relief of the flood sufferers.

### Ladies Aid Holds Meeting

The Ladies Aid of the Methodist Church met with Mrs. Chas. Webb Tuesday afternoon and elected officers. The following were elected: Mrs. Chas. Webb, President; Mrs. Ernest Newton, 1st Vice President; Mrs. Robert Brown, 2nd Vice President and Mrs. Jack Martin, Secretary and Treasurer. Suitable refreshments were served and an interesting meeting held. The Ladies Aid is in a flourishing condition and expect to do a great work this year. They are now making preparations to hold a bazaar in the near future.

## Proctor Ashby Announces For Sheriff

To the Democratic Voters of Hopkins County:

I hereby make my announcement as a candidate for the democratic nomination for Sheriff, subject to the action of the party at the primary to be held August 2, 1913.

In announcing for this office I do so believing I know well its duties, difficulties and responsibilities. I have been for a number of years a deputy sheriff, bearing its hardships and its burdens. Yet in all these years I have never shirked a duty, whether fraught with danger or filled with pleasure. These years of service have prepared me to discharge the duties of the office in a manner I could not do were I unfamiliar with its work.

I believe a public office is a public trust and an officer should be a servant of the people, and if elected I promise to give to all a fair and square deal, rendering unto each one that which is his, saving for my state, county and people whenever I can and lessen as much as I can their burdens. I shall have an absolute rule of honesty, fairness and courtesy for myself and those connected with me. I shall apply business principles in the conduct of the office. I am seeking this office on my merits and my work in the past and not on the record of my ancestors, nor on the demerits, if they have any, of my opponents.

I want your support. If you will elect me and if the faithful performance of my duties is any reward you shall have it. I ask you as taxpayers and voters to examine my record and if I have been faithful in my work then reward me by calling me higher. I have born the heat, the cold, the hardships and the burdens; I believe I am qualified—shall I have the reward? Believing you will aid me I beg to remain.

Yours truly,

PROCTOR ASHBY,  
Madisonville, Ky., Jan. 24, 1913.

### Prominent Young People To Wed Soon.

Quite a number of Prenuptial affairs will be given in the next few weeks in honor of Miss Anna McIntire Cox whose wedding to Mr. Davis R. Dickinson, of New Orleans will take place in Madisonville at the First Christian church some time in March.

Miss Cox is a daughter of Mr. and Mrs. J. W. Cox, of Madisonville and is one of the most beautiful, talented and popular young girls in the Society Circles of that city.

The Blue Stocking Club will give a handkerchief shower in honor of Miss Cox, Saturday afternoon at the regular meeting at the home of Mrs. George Kirkwood.

Misses Vida Barnett and Hazel Benson will entertain at a Linen shower on Wednesday evening in honor of Miss Cox at the home of Miss Burnett.

### LEGISLATURE

We are authorized to announce ROY S. WILSON as a candidate for the Legislature from Hopkins county, subject to the Democratic primary August, 1912.

Something is wrong. Col. Roosevelt's testimony in the suit to dissolve a steel company appears on the eleventh page of a daily paper.

Speaking of the tariff, the Democratic South raises rice and the South wants a tariff on rice. And the grain raising North does not want free trade with Canada. So there you are.

Express companies recognize their opportunity and are sending long distance packages by parcels post—making a post hedge, as it were. How'd you like to be the postman?

President Taft will ride back to the White House with his successor after the inauguration and a broken custom long honored by American Presidents, will be reviewed. It will be remembered that it was the Colonel who broke the precedent—but not for long—and it is Taft who will restore.

Statistics from Salt Lake City lay claim to the lowest death rate of all cities of corresponding size in the United States, only 9.57 per thousand of resident population in 1912. And, what more, the birth rate there is more than double the death rate. Question arises, is it the doctrine of Brigham or the doctrine of Teddy—or, both?

Under the decision of appeals this week in the local option contest case from Lebanon. It is held that the law requires signatures of 25 per cent of the voters of a city, and not of each precinct or ward. In this case the "drys" contested and the "wets" win. This decision will doubtless make it is easy for Hopkinsville to call an election to close out the liquor business there.

The Federal government is undertaking, through a board of scientists to determine "what is pure water" as a vital measure of health protection. The conclusion of the matter will embrace the prohibiting of impure water on interstate carriers and the railroads will have another chance to be the instrument in improving upon an unthinking public a new object lesson in protection of life and health.

An eastern student of statistics

and conditions in our political system and among the people figures that every family of five in the United States contributes \$9 annually to "our packed pens on list," and "upon the average, \$3 annually to the Congressional 'pork barrel' devised for providing \$30,000 Federal buildings for thirty-cent towns." And the reader is left to ruminate upon what "politics" is really costing him.

### SIMPLE DRESS IS ASKED

High School Professors In Salt Lake City Set Example By Wearing Soft Collars

Salt Lake City, Jan., 22.—The professors of the Granite High School have started a crusade for simplicity in dress. Starched collars and "boiled" shirts have been banished from the school, and the girls have been given to understand that the "latest creation" in gowns will be met with scorn.

The professors, as leaders in the movement, now appear before their classes in soft-collared shirts and have sent out an edict that similar dress among the students would be appreciated.

So called leaders of fashion hereafter will meet with little favor with members of the faculty.

### COLORED COLUMN.

REV. J. R. EVANS, EDITOR

Mr. Green Leavell, of Providence, Ky., was in the city last Sunday and worshiped with the Mt. Zion Baptist church.

All the churches of the city were well attended last Sunday and good services were reported.

### PRESENT THEIR BATTERED SLEDS

One Went To The North And The Other To The South Pole

New York, January 22.—Two battered sleds which have journeyed to opposite ends of the earth occupy a place of honor in the American Museum of Natural History. Capt. Raold Amundsen, discoverer of the south pole, has presented to the museum one of the three sleds used by his expedition, and it was placed beside a sled which Admiral Peary used when he found the north pole.

The Amundsen sled was accompanied by a letter addressed by John A. Gade to President Henry Fair Osborn of the museum. This letter said:

"One of the three sleds taken was left behind at the pole; the second was presented to a Norwegian society and the third the Captain (Amundsen) wishes to offer you for the museum. By so doing he hopes to express his gratitude and acknowledgements to the American people and more especially to the scientific associations which in all this work has shown him such consistent encouragement and ready assistance."

Capt. Amundsen and Admiral Peary have been elected to honorary fellowship in the museum, an honor which is shared by only four others.

### HAPPY WOMEN

Plenty of Them in Earlington, and Good Reason for It

Wouldn't any woman be happy, After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles, When she finds freedom.

Many Earlington readers will profit by the following.

Mrs. Pearl Walton, Earlington, Ky., says: "I have found Doan's Kidney Pills to be the best kidney remedy I ever used. Some years ago I began to suffer from weak kidneys. I did not pay much attention to the trouble at first but when I found that I had little control over the kidney secretions, I knew that something must be done. My rest was broken at night and in the morning I was tired and worn out. My mother had had great benefit from Doan's Kidney Pills and I began taking them. They cured me and my kidneys have been in good condition since. I cannot praise this remedy too highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### For Rent.

### A Lesson to Boys.

Boys did you ever stop to think  
And reflect upon your past,  
And wonder what your judge will say  
When you meet Him at the last.

Boys who are starting out in life  
Are young and foolish and vain,  
And seem to consider that taking a drink  
Will drown all their troubles and pain.

They follow the ways of a drunkard  
And try to be a "Sport" and a "Dale"  
And go so far on the road to "Perdition"  
'Till it is far to late their faults to undo.

You call it being fast and manly  
To drink and curse and swear,  
And keep late hours at nighttime  
And try to make your deeds bold and rare.

You start out when you are young  
And call it pleasure and glea  
But boys remember the path to hell  
Is narrow and very free

Mother tries to tell you  
And warn you before to late  
And you say she is harsh and scolding  
And your love will turn to hate.

So boys think of the sorrow  
You cause to your Mothers heart,  
When they see their boy is a drunkard  
And know from this life they soon must part

Now boys let the liquor alone  
And walk in the straighter path,  
And turn your steps before too late  
And be content with what you hath.

## FARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story.

Westwood, Md.—"I am a farmer's wife and do most of my own work when I am able. I had nervous spells, female weakness and terrible bearing down pains every month. I also suffered much with my right side. The pain started in my back and extended around my right side, and the doctor told me it was organic inflammation. I was sick every three weeks and had to stay in bed from two to four days."

"It is with great pleasure I tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I have followed your directions as near as possible, and feel much better than I have felt for years. When I wrote you before I was almost a wreck. You can publish this letter if you like. It may help to strengthen the faith of some poor suffering woman."

—Mrs. JOHN F. RICHARDS, Westwood, Maryland.

Women who suffer from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, and answered by a woman, and held in strict confidence.

## Drug Weighing

There's more than one detail to be considered in the filling of prescriptions. Purity, strength and skilful compounding are three very necessary considerations, but there's a fourth consideration equally as important. The weighing and measuring of drugs must be carefully done. The fraction of a grain or a drop or two in excess oftentimes makes a big difference in results. Your doctor wants an exact amount on his prescription. If this were not so he would not be so peculiar in his specifications. We give you exactly what your doctor orders. We weigh medicine on the most accurate prescription balance made. All liquid medicines are measured in carefully graduated containers. You are sure of receiving the right amount and the exact amount when we fill your prescriptions. It is a carefulness that goes with our service. Prices reasonable.

Sizes 2 to 5 at.....25c  
Sizes 6 to 10 at.....50c  
Sizes 11 to 2 at.....75c

After the first shock, you ask how come this—the unexpected. It is simply this. Mr. Bishop after a long and successful life of merchandising decided to sell out and retire. He knew we were about the only people here who could handle his big stock, so he ask us if we could or would buy it. We told him we could and would buy any stock no matter how large if the price were low enough. He knew he would have to make a fearful sacrifice to convert his stock into cash at a single stroke. The sacrifice was made—we own the stock—and we are going to pass it on to the trading public at the same terrific sacrifice of prices.

The best half of the stock will be offered at manufacturer's cost.

Mr. Bishop's cost price will be our selling price.

The remainder will be sold at about one-half its original cost,

The stock was invoiced to us on this basis and off of these appraised prices we get a big discount which enables us to make the most astounding prices ever offered the trading public of Hopkins County on strictly High Grade Merchandise.

It is useless for us to say here that Mr. Bishop handled only the highest grade of merchandise. His lifelong principle has been to buy only from the very best manufacturers.
